5 PAIRS per BOX - \$28.45

The 3M™ Particulate Filter 5N11 is NIOSH approved for environments containing certain non-oil based particles. Use with 3M™ Respirators 5000 Series or 3M™ Cartridges 6000 Series or 3M™ Filter Adapter 603, and 3M™ Filter Retainer 501.

3M™ Particulate Filter 5N11, N95 helps provide respiratory protection in environments containing certain non-oil based particles. When properly fitted, use with appropriate cartridges for various applications including spray painting, petrochemical and chemical manufacturing, and pesticide spraying for concentrations up to 10 times the Permissible Exposure Limit (PEL) with half facepieces, or 50 times PEL with quantitatively fit tested full facepieces. The filter protects against 1) solids such as those from processing minerals, coal, iron ore, cotton, flour, and certain other substances; 2) liquids or non-oil based particles from sprays that do not emit harmful vapours; and 3) metal fumes produced from welding, brazing, cutting, and other operations involving heating of metals.

Must be used with 3M Filter Retainer #0501 - \$8.20/pair
